Supporting you to find the answers

Issue 16 | Autumn 2018

News & Events Update Liverpool

Who we are and what we do

ADDvanced Solutions Community Network is a Community Interest Company, not for profit social enterprise established out of need in 2012 to provide community based, open access, pre, during and post diagnosis learning, coaching and mentoring for families with a child living with a Neurodevelopmental condition including ASD/C, ADHD, sensory processing difficulties, dyslexia, dysgraphia, dyscalculia, dyspraxia, social communication difficulties, SEN and disability.

As the commissioned third sector organisation for the Liverpool Neurodevelopmental Pathway, we aim to equip families with the skills and tools to better recognise, understand and support the needs of their children and young people, building resilience and confidence to access an ordinary life.

Learning and support is delivered by our team of professionals who live with Neurodevelopmental conditions in their own families.

Neurodevelopmental Conditions Family Learning Programme

An evidence based, structured learning programme for parents, carers and supporters in Liverpool who wish to gain knowledge and skills about their child's neurodevelopmental condition, with strategies to support the difficulties that may present around:

- Neurodevelopmental conditions/learning difficulties and mental health difficulties.
- Autism Spectrum Disorder /Condition - ASD/C
- Attention Deficit Hyperactivity - ADHD
- Sensory Processing / Integration Difficulties (SPD)
- Challenging behaviours
- Your local offer, welfare rights and educational support.

Next Programme:

Everton – over 3 full days on Thursday 6th, 13th and 20th September 2018 from 9.30am to 3.00pm
