Neurodevelopmental Conditions Learning Programme – Face-to-Face

This three session programme will run during the daytime. The sessions equip parents and carers with:

- **A greater understanding of Neurodevelopmental Conditions – including Autism, ADHD, Sensory Processing Difficulties, Specific Learning Difficulties.**
- **Practical strategies to manage everyday challenges and behaviours – including sleep, toileting and eating.**
- **Knowledge around your Local Offer, disability welfare rights and SEND, Early Help and EHCPs.**

Please contact us to register your interest for our next available face-to-face Neurodevelopmental Conditions Learning Programme in Sefton.

Neurodevelopmental Conditions Learning Programme – Online

An online, evening alternative to the face-to-face learning programme. The programme is delivered as a webinar, with the ability to engage with the facilitator and other parents/carers through the Q&A and chat.

Day: Wednesdays
Time: 6:30pm – 8:30pm
Venue: Online via Zoom

Wednesday evenings for six weeks 6:30pm – 8:30pm

Introduction to SEND Process and EHCPs

Tuesday 2nd December
 9:30am – 12:00pm

[Click here to register](#)

Online community network groups and learning workshops provide parents and carers with an understanding of a particular topic around neurodevelopmental conditions. We provide strategies to support children and young people at home and in school, with an opportunity to interact with our team via the chat and Q&A function. If you are using a phone, you will need to download the Zoom app beforehand. Please be mindful of your data usage. If you do not have an unlimited data plan, you may need to connect to a Wi-Fi connection to prevent charges

Our online offer is delivered by Zoom for Healthcare, you will need to have a free Zoom account to register. The details we request when you register are kept securely and used in line with our privacy policy: <https://www.advancedsolutions.co.uk/wp-content/uploads/2025/04/Privacy-Policy.pdf>

Autism Learning Programme

This post-diagnostic Autism Learning Programme has been designed to support and empower parents and carers in their understanding of how autism is experienced by children and young people, providing learning, guidance and strategies to better support your child/young person. The programme is for Liverpool and Sefton parents/ carers whose children and young people have received a diagnosis of autism (ASD). This offer is in partnership with Alder Hey NHS Trust, commissioned by NHS Cheshire & Merseyside.

Please select the appropriate programme specific to the age of your child/young person:

14- 19 Years

Day: Tuesday
Time: 9:30am - 2:45pm
Venue: PR8, Southport

Tuesdays for three weeks 9:30am - 2:45pm

Neurodevelopmental Conditions Awareness Raising Training for Professionals

Designed to improve professionals' understanding of neurodevelopmental conditions (NDCs), how they may present and how one condition may overlap with another. Professionals attending this training will develop knowledge, skills and confidence to better support neurodiverse children, young people and their families:

- Understand the differences between ADHD, Autism, and other NDCs and the typical presentations
- Recognise the impact that unsupported and unmanaged NDCs can have on an individual and their family
- Understand the impact that sensory processing difficulties can have on children and young people
- Identify local support available for professionals, children, young people and their families

Contact us for further information about our next professionals training opportunity.
