

# LIVERPOOL WHAT'S ON NEWSLETTER

## Spring 2 Half Term 2024

ADDvanced Solutions Community Network encourages, equips and empowers neurodiverse children, young people and their families, those with specific learning difficulties, SEN and Disability, and associated mental health needs. We have a blended offer of face-to-face and online groups, workshops and learning programmes for parent/carers to better understand and support the needs of their child and for the professionals who support them.

### Community Network Groups

Each week during term time, we deliver face to face and online, informal, open access workshops on different subjects to support you and your family - pre, during and post-diagnosis. Come along to meet our team and visiting professionals.

## What is a Community Network Group?

Each week during term time, we deliver informal workshops on different subjects to support you and your family at all stages of your journey - pre, during and post-diagnosis. Our workshops are needs-led, so come along and meet our team and visiting professionals to share learning and experience.

## Belle Vale Community Network Group

### Where?

You can find us at **Belle Vale Children's Centre, Hedgefield Road, Liverpool, L25 2RW**. The centre is opposite Belle Vale Shopping Centre and on the left of Gateacre School. It is reachable by bus to the Belle Vale Bus Station, via the **89** bus from **South Liverpool** and **79** or **204** bus from **the city centre**. For more information on how to reach the centre, [please click here](#).

When?	Topic
<b>Tuesday 20th February 2024</b> 9:30am – 11:30am	<b>Supporting Siblings of Neurodiverse Children and Young People:</b> This session will discuss ways to explain neurodevelopmental conditions to your child or young person, to help them to better understand their neurodiverse sibling; sharing strategies to improve relationships and reduce sibling rivalry.
<b>Tuesday 27th February 2024</b> 9:30am – 11:30am	<b>Supporting Transition:</b> This session will consider different types of transition - from nursery to primary school, from primary to secondary school or even just transition from one activity to another - and how we can support transitions through planning and strategies to reduce anxiety around change in our neurodiverse children and young people.
<b>Tuesday 5th March 2024</b> 9:30am – 11:30am	<b>Supporting Siblings of Neurodiverse Children and Young People:</b> Due to unforeseen circumstances, <b>Independent Travel Training</b> are unable to join us for this session. Instead, we will be looking at supporting siblings of neurodiverse children and young people.
<b>Tuesday 12th March 2024</b> 9:30am – 11:30am	<b>Puberty and Neurodevelopmental Conditions:</b> This session will be looking at how puberty can impact on our neurodiverse children and young people and how to explain the physical and emotional changes that happen to them. We will also consider neurodiverse children and young people's expectations and vulnerabilities, how to manage these and any other concerns or advice you may need.
<b>Tuesday 19th March 2024</b> 9:30am – 11:30am	<b>Sensory Processing Difficulties:</b> Effective sensory processing is essential in order to develop skills, to learn and to function in everyday life. Neurodiverse children and young people often have impaired sensory processing – in this session we introduce our 8 senses, how to identify any sensory processing difficulties and offer ideas on how to support these difficulties.
<b>Tuesday 26th March 2024</b> 9:30am – 11:30am	<b>Emotions - what is our body telling us?:</b> Neurodiverse children and young people don't always recognise the connection between their emotions and what they feel physically inside their body. Today we will be discussing how to help them to understand what is going on inside their body to help them to better manage their different emotions.

<b>Monday 19th February 2024</b> 9:30am – 11:00am	<b>Supporting Transition:</b> This session will consider different types of transition - from nursery to primary school, from primary to secondary school or even just transition from one activity to another - and how we can support transitions through planning and strategies to reduce anxiety around change in our neurodiverse children and young people.
<b>Monday 26th February 2024</b> 9:30am – 11:00am	<b>Understanding Phobias:</b> Our neurodiverse children and young people can have high levels of anxiety compared with their peers, and so may be more likely to develop a phobia. In today's session, we look at what can cause phobias, how we can support our child or young person and offer some information and advice to help.
<b>Monday 4th March 2024</b> 9:30am – 11:00am	<b>Sensory Processing Difficulties:</b> Effective sensory processing is essential in order to develop skills, to learn and to function in everyday life. Neurodiverse children and young people often have impaired sensory processing – in this session we introduce our 8 senses, how to identify any sensory processing difficulties and offer ideas on how to support these difficulties.
<b>Monday 11th March 2024</b> 9:30am – 11:00am	<b>Supporting the Development of Organisational Skills:</b> Our neurodiverse children and young people often find organising themselves and their belongings, surroundings and schoolwork to be very challenging. This will be partly due to processing difficulties, difficulties in prioritising, remembering, as well as coordination difficulties. Join us as we explore different tips and strategies to support them in developing their organisational skills.
<b>Monday 18th March 2024</b> 9:30am – 11:00am	<b>Emotions - what is our body telling us?:</b> Neurodiverse children and young people don't always recognise the connection between their emotions and what they feel physically inside their body. Today we will be discussing how to help them to understand what is going on inside their body to help them to better manage their different emotions.
<b>Monday 25th March 2024</b> 9:30am – 11:00am	<b>Neurodevelopmental Conditions and Mental Health:</b> In this session, we will be looking at how neurodevelopmental conditions can impact on our children and young people's mental health, ways to support them and build their resilience, as well as local services that may be able to help further.

9.30am - 12.00pm

### Topic

**Supporting Sleep Difficulties**

## What is the Autism Post Diagnostic Learning Programme?

We are delighted to provide an open offer to Liverpool and Sefton parents and carers, whose child or young person has received a diagnosis of autism (ASD) from Alder Hey NHS Trust, or from either Axia ASD Ltd or Healios via Alder Hey NHS Trust. This offer is in partnership with Alder Hey NHS Trust, commissioned by NHS Cheshire & Merseyside.

This unique learning programme has been designed to support and empower parents and carers in their understanding of how autism is experienced by children and young people, providing learning, guidance and strategies to better support your child/young person.

Please select the appropriate programme specific to the age of your child/young person: **3-8 years**; **9-13 years** or **14-19 years**.

## What is the Professionals Neurodevelopmental Conditions Awareness Raising Training?

Designed to improve professionals' understanding of neurodevelopmental conditions (NDCs), how they may present and how one condition may overlap with another. Professionals attending this training will develop knowledge, skills and confidence to better support neurodiverse children, young people and their families:

- Understand the differences between ADHD, Autism, and other NDCs
- Recognise the typical behaviours of ADHD, Autism and other NDCs
- Recognise the impact that unsupported and unmanaged characteristics of NDCs can have on an individual and their family
- Understand the impact that sensory processing difficulties can have on children and young people
- Identify local support available for professionals, children, young people and their families.

**ADDvanced Solutions Community Network is commissioned to deliver a limited number of Neurodevelopmental Conditions Professional Awareness Raising Training to whole teams. If you are interested in this full day's training, please call the office on 0151 486 1788 or email [info@advancedsolutions.co.uk](mailto:info@advancedsolutions.co.uk)**

## Coffee Mornings, Afternoons and Engagement Events

Our team are happy to attend any face-to-face coffee mornings and/or online sessions to explain our current offer to families and professionals. Please email us at [info@advancedsolutions.co.uk](mailto:info@advancedsolutions.co.uk) for further information.

## Seeking Crisis Support?

ADDvanced Solutions Community Network is not a crisis service. If you, a child or young person is experiencing acute distress and is deemed to be a risk to themselves or others, **we have listed the local area crisis contact details on our urgent support page, which you can find on our website: [www.advancedsolutions.co.uk](http://www.advancedsolutions.co.uk) under the 'Contact' menu option**, where you will also find links to national organisations that can offer support.

Click [HERE](#)

Our online offer is delivered using Zoom for Healthcare. The details we request are kept securely and used in line with our privacy policy:

<https://www.addvancedsolutions.co.uk/policies/privacy-policy.html>

If you are using a phone, you will need to download the Zoom app beforehand. Please be mindful of your data usage. If you do not have an unlimited data plan, you may need to connect to a Wi-Fi connection to prevent charges.
