What is an Online Learning Workshop?

Online learning workshops provide parents and carers with an understanding of a particular topic around neurodevelopmental conditions. The workshop provides strategies to support children and young people at home and in school, with an opportunity to interact with our team via the chat and Q&A function.

Behaviours that Challenge: What's Really Going On?

Sometimes, as parent/carers of neurodivergent children and young people, we can struggle to understand why they do the things they do. This workshop will unpack some of the reasons behind behaviours that can be a challenge to our children/young people and to us, and offer some strategies that may help.

What is the Professionals Neurodevelopmental Conditions Awareness Raising Training?

Designed to improve professionals' understanding of neurodevelopmental conditions (NDCs), how they may present and how one condition may overlap with another. Professionals attending this training will develop knowledge, skills and confidence to better support neurodiverse children, young people and their families:

- **Understand the differences between ADHD, Autism, and other NDCs**
- **Recognise the typical behaviours of ADHD, Autism and other NDCs**
- **Recognise the impact that unsupported and unmanaged characteristics of NDCs can have on an individual and their family**
- **Understand the impact that sensory processing difficulties can have on children and young people**
- **Identify local support available for professionals, children, young people and their families.**

ADDvanced Solutions Community Network is commissioned to deliver a limited number of Neurodevelopmental Conditions Professional Awareness Raising Training. If you are interested in this full day's training, please call the office on 01925 320863 or email info@addvancedsolutions.co.uk.
